SOCIAL SERVICES

Children receiving payment from the Foster Care Maintenance Payments program provided through County Departments of Pensions and Security numbered 1,500 for August. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

* Payments based on a rate of $30 per month service fees made to the foster homes.

SOCIAL SERVICES

Children receiving payment from the Foster Care Maintenance Payments program provided through County Departments of Pensions and Security numbered 1,429 for September. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

1/ Averages are not representative in some counties, as children were sometimes at board for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs. Average payment not to be used to compute DPS financial obligation.

2/ Includes 10 State FCMP cases.

3/ In addition, there were 30 children in foster care for whom neither board payment nor specialized service fee was made.

Children receiving payment from the Aid to Children in Foster Care program provided through County Departments of Pensions and Security numbered 2,237 for the month of September. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

1/ Portions of foster care are paid through State Supplementation.

2/ In addition $2,535.00 was paid for 14 adults for emergency shelter care, which is a component of adult protective services.

* Payments based on a rate of $30 per month service fees made to the foster homes.

Children receiving payment from the Foster Care Maintenance Payments program provided through County Departments of Pensions and Security numbered 1,427 for October. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

1/ Averages are not representative in some counties, as children were sometimes at board for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs. Average payment not to be used to compute DPS financial obligation.

2/ Includes 10 State FCMP cases.

3/ In addition, there were 33 children in foster care for whom neither board payment nor specialized service fee was made.

Children receiving payment from the Aid to Children in Foster Care program provided through County Departments of Pensions and Security numbered 2,194 for the month of October. 1/ Excludes payments from private funds.

2/ Averages are not representative in some counties as children were sometimes in boarding homes for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs. Average payment not to be used to compute DPS financial obligation.

3/ Includes children under State supervision.

4/ In addition, there were 405 children in foster care for whom neither board payment nor specialized service fee was made.

* Payments based on a rate of $30 per month service fees made to the foster homes.

Children receiving payment from the Foster Care Maintenance Payments program provided through County Departments of Pensions and Security numbered 1,407 for November. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.
